

SAFETY DATA SHEET

EAZIFEED LAWN REVIVER

Page: 1

Compilation date: 09/06/2011

Revision No: 1

Section 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name: EAZIFEED LAWN REVIVER

Product code: EZ032

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of substance / mixture: Lawn Fertiliser & Tonic 35-5-5

1.3. Details of the supplier of the safety data sheet

Company name: 151 Products Limited

Globe House

Southall Street

Manchester

M3 1LG

UK

Tel: 0161 839 5949

Fax: 0161 839 5493

Email: fereshteh@151.co.uk

1.4. Emergency telephone number

Section 2: Hazards identification

2.1. Classification of the substance or mixture

Classification under CLP: This product has no classification under CLP.

2.2. Label elements

Label elements: This product has no label elements.

2.3. Other hazards

PBT: This substance is not identified as a PBT substance.

Section 3: Composition/information on ingredients

3.1. Substances

Chemical identity: EAZIFEED LAWN REVIVER

Contains: A formulated powder fertiliser with a balanced ratio of NPK. Containing all of or some of the the ingredients. Ammonium Phosphate, Potassium Sulphate, Urea, Magnesium Sulphate.

Section 4: First aid measures

4.1. Description of first aid measures

Skin contact: Contaminated clothing should be washed or dry-cleaned before re-use. No problems under normal use conditions. If irritation does occur wash skin immediately with soap and water and discontinue use.

Eye contact: Immediately flood the eye with plenty of water for at least 15 minutes, holding the eye open. Get medical attention.

Ingestion: Rinse Mouth with water and obtain medical attention

Inhalation: Move to fresh air. If irritation persists seek medical advice.

4.2. Most important symptoms and effects, both acute and delayed

Skin contact: Not considered hazardous upon skin contact.

Eye contact: may cause mild irritation and burn to eyes

Ingestion: ingesting of very large amounts may cause poisoning

Inhalation: if the product is present in high concentrations of airborne dust , prolonged contact may cause irritation.

4.3. Indication of any immediate medical attention and special treatment needed

Section 5: Fire-fighting measures

5.1. Extinguishing media

Extinguishing media: Water spray. This product is not flammable.

5.2. Special hazards arising from the substance or mixture

Exposure hazards: In combustion emits toxic fumes.

5.3. Advice for fire-fighters

Advice for fire-fighters: Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.

Section 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions: Refer to section 8 of SDS for personal protection details. Keep people away from and upwind of spill/leak. When dealing with spillage do not eat, drink or smoke.

6.2. Environmental precautions

Environmental precautions: Do not allow to get into surface water, drains and ground water.

6.3. Methods and material for containment and cleaning up

Clean-up procedures: Larger spills should be absorbed in vermiculite, dry sand or earth and placed into a suitable container for disposal by an appropriate method.

6.4. Reference to other sections

Section 7: Handling and storage

7.1. Precautions for safe handling

Handling requirements: Apply "common-sense" measures in handling. Do not eat, drink or smoke when handling. Avoid release into the environment.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions: Store in cool, well ventilated area. Store apart fro combustible materials, herbicides and fungicides. Keep away from children.

Suitable packaging: Must only be kept in original packaging.

7.3. Specific end use(s)

Section 8: Exposure controls/personal protection

8.1. Control parameters

Workplace exposure limits: Not applicable.

8.2. Exposure controls

Engineering measures: No special requirements under normal use conditions.

Respiratory protection: Where high concentrations of airborne dust is present, respirators cnforming to AS1716 should be worn

Hand protection: Protective gloves.

Eye protection: Safety goggles.

Skin protection: Protective clothing.

Section 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

State: Powder

Solubility in water: Soluble

Boiling point/range°C: >35

Flash point°C: >93

9.2. Other information

Section 10: Stability and reactivity

10.1. Reactivity

Reactivity: Stable under recommended transport or storage conditions.

10.2. Chemical stability

Chemical stability: Stable under normal conditions.

10.3. Possibility of hazardous reactions

Hazardous reactions: Hazardous reactions will not occur under normal transport or storage conditions.

10.4. Conditions to avoid

Conditions to avoid: Direct sunlight. Extremes of temperature

10.5. Incompatible materials

Materials to avoid: No special requirements under normal use conditions.

10.6. Hazardous decomposition products

Haz. decomp. products: May give rise to toxic and noxious fumes

Section 11: Toxicological information

11.1. Information on toxicological effects

Symptoms / routes of exposure

Skin contact: Not considered hazardous upon skin contact.

Eye contact: may cause mild irritation and burn to eyes

Ingestion: ingesting of very large amounts may cause poisoning

Inhalation: if the product is present in high concentrations of airborne dust, prolonged contact may cause irritation.

Section 12: Ecological information

12.1. Toxicity

12.2. Persistence and degradability

Persistence and degradability: No data available.

12.3. Bioaccumulative potential

Bioaccumulative potential: No data available.

12.4. Mobility in soil

Mobility: Soluble in water.

12.5. Results of PBT and vPvB assessment

PBT identification: This substance is not identified as a PBT substance.

12.6. Other adverse effects

Section 13: Disposal considerations

13.1. Waste treatment methods

Disposal of packaging: Disposal should be in accordance with Local Authority regulations

NB: The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.

Section 14: Transport information

Transport class: This product is not classified for transport.

Section 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

15.2. Chemical Safety Assessment

Chemical safety assessment: A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.

Section 16: Other information

Other information

Other information: This safety data sheet is prepared in accordance with Commission Regulation (EU) No 453/2010.
